WORK EXPERIENCE

OCT 2025 - MAR 2026	NIEPA <i>Project Junior Consultant - Full Stack Developer</i> <i>New Delhi</i> - Built and maintained a government training management web application supporting 1000+ users across 30+ regional locations. - Engineered responsive and accessible frontend interfaces using HTML, CSS, JavaScript, and Bootstrap, reducing page load time by 30%. - Streamlined application performance using caching, asset compression, and image optimization, decreasing load time by 35%. - Designed reusable UI components and structured content sections, cutting feature development time by 25%. - Managed deployment workflows, SSL, DNS, hosting updates, and production fixes, maintaining 99.9% uptime.
OCT 2025 - JAN 2026	Amdox Technologies <i>Web Development Intern</i> <i>Remote</i> - Delivered 3+ full stack modules using React.js, Next.js, TypeScript, Node.js, REST APIs, and PostgreSQL. - Built a Job Listing Web Application with 4+ core workflows: job search, recommendations, saved jobs, and applications. - Launched a Certificate Verification Web Application with admin dashboard, role-based access, and public validation system for 100+ records. - Connected REST APIs, authentication, and database workflows, increasing application data handling efficiency by 40%. - Reduced frontend defects by 30% through debugging, testing, responsive design, and cross-browser compatibility fixes.
JUN 2025 - SEP 2025	Zidio Development <i>Full Stack Developer Trainee</i> <i>Remote</i> - Built a data analytics web application for Excel upload, dataset processing, dashboard visualization, and reporting across 5+ chart types. - Accelerated backend data processing performance by 40% using optimized API logic and structured data handling. - Secured authentication workflows using JWT, Clerk, private routes, and role-based access for 2 user roles. - Boosted user engagement by 40% through interactive dashboard features, analytics charts, and responsive UI flows.
JUL 2024 - SEP 2025	CareMedico <i>Frontend Developer Trainee</i> <i>Remote</i> - Developed 15+ reusable frontend components using React.js, Next.js, TypeScript, Tailwind CSS, and Shadcn UI. - Refactored SaaS modules and landing pages to improve component reusability, maintainability, and frontend scalability by 30%. - Raised UI responsiveness, accessibility, and user experience by 35% across mobile, tablet, and desktop breakpoints.
MAY 2023 - JUL 2023	Internshala <i>Web Developer Intern</i> - Built responsive web interfaces using HTML5, CSS3, JavaScript, React.js, and frontend development best practices. - Reduced UI defects by 20% through debugging, testing, and browser inspection. - Improved compatibility across 5+ major browsers by resolving layout, styling, and responsiveness issues.

SKILLS

LANGUAGES:	JavaScript, TypeScript, SQL, HTML5, CSS3, C, C++, C#
FRONTEND:	React.js, Next.js, Tailwind CSS, Shadcn UI, Bootstrap, NextUI, Responsive Design
BACKEND:	Node.js, REST APIs, Next.js API Routes, Server Actions, JWT, Clerk, ASP.NET
DATABASES:	PostgreSQL, MongoDB, Drizzle ORM, Database Design
TOOLS:	Git, GitHub, Vercel, VS Code, Vite, Deployment, DNS, SSL
CORE SKILLS:	Full Stack Development, Frontend Development, Web Development, API Integration, Authentication, Performance Optimization, Debugging, Cross-Browser Compatibility, SEO, Agile, SDLC
SOFT SKILLS:	Communication, Team Collaboration, Problem Solving, Time Management

PROJECTS

Full Stack Job Listing Web Application

- Built a full stack job portal with **5+ features**: search, recommendations, saved jobs, user profiles, and application tracking.
- Linked dynamic UI components with REST APIs to support real-time data updates and reduce manual user actions by **30%**.
- Secured authentication, role-gated routes, user profiles, and database-backed job application workflows for **2 user roles**.
- Tech Stack: React.js, Next.js, TypeScript, PostgreSQL, REST APIs. GitHub: github.com/Piyushkr001/job-listing-portal

Full Stack Certificate Verification System

- Built a certificate verification platform with admin dashboard, public validation workflows, and status tracking for **100+ certificates**.
- Applied role-based authentication, admin route security, secure API handling, and database-driven certificate lookup.
- Designed responsive UI for verification and admin workflows across **3 device types**: desktop, tablet, and mobile.
- Tech Stack: Next.js, TypeScript, PostgreSQL, Authentication. GitHub: github.com/Piyushkr001/certivo

Govt. KGBV Training Management Website

- Maintained the official government training website for training updates, reports, resources, and regional information across **30+ locations**.
- Delivered responsive layouts, structured content sections, and accessible pages for **1000+ public users**.
- Increased website performance by **30%** through image optimization, asset cleanup, and frontend optimization.
- Tech Stack: HTML, CSS, JavaScript, Bootstrap. Live: niepa.ac.in/KGBV

Excel Analytics Web Application

- Built a dashboard platform for Excel upload, data parsing, chart visualization, analytics reporting, and saved chart workflows.
- Increased data processing efficiency by **40%** using optimized backend logic and structured data storage.
- Tech Stack: React.js, Next.js, PostgreSQL, Chart.js, REST APIs. Live: excel-analytic.vercel.app

AI Content, Blogging, Learning, UI/UX Prototyping Apps

- Shipped **4+ deployed applications** including AI content generation, blogging platform, AI learning platform, and UI/UX prototyping tool.
- Embedded authentication, dashboards, SEO improvements, real-time API workflows, personalized content, quizzes, previews, and responsive UI.

EDUCATION

2020 - 2024	Birla Institute of Technology, Mesra B.Tech in Computer Science	Mesra, Jharkhand CGPA: 7.47
-------------	---	--------------------------------
